rope ?

- a) cleaning
b) singing
 jumping

READING

What are you doing to help Nature?

This year our school “ Saco Oliveros ” is taking part in the program “ Let’s save Nature ”. This program tries to help both animals and plants in our countryside, beaches and mountains.

Animals and plants are disappearing because the humans are not taking care of them. We are throwing our rubbish in the sea, on the streets and in the country. The animals are getting trapped in the plastic bags, or getting ill because they eat plastic wrappers.

Plants are dying because we are throwing chemicals and rubbish in the forest. Forest fires are also killing thousands of animals and plants. Our school is now helping. We are collecting rubbish from the beaches in our city and telling people not to throw anything on them. We are also collecting used batteries and other dangerous materials.

And you? What are doing to help animals and plants? Are you putting your rubbish in the correct places?

1. Saco Oliveros school is helping to take care of Nature.
2. The program “ Let’s save Nature ” only helps animals.
3. The animals are getting trapped in metal boxes.
4. Plants are dying because of water.
5. Thousands of animals and plants are killing in the forest.
6. We’re telling people not to throw anything on the beaches.
