When do you go to the movies?

What types of movie do you like? In the USA, movie theaters are very popular and a lot of young people go there. But, what types of movies do they watch? We ask two friends about their cinema preferences.

Jack, 12

I love going to the movies because there are always eight movies on at our local movie theater complex, and it's really modern.

The ice cream is fantastic, but I don't like eating popcorn and other snacks. I go with my friends every Friday. We all like science-

fiction movies with action and suspense. We are also big fans of special effects, so we love watching movies like *Avatar* and *Transformers*.

Katie, 11

I hate watching horror movies or science-fiction movies but I like watching romantic comedies. One of my favorite movies is *Letters to Juliet*. It's about a woman called Sophie who goes to Italy and discovers a very old, unopened love letter. It's very funny and Sophie ends up falling in love, too, of course! I don't like going to the movies much, because there isn't a movie theater in my city and I don't like traveling to other cities. I like watching movies at home a few months later.
