## Criminal fail!

Police in the USA arrested a man after he tried to steal a bike. If he 1 hadn't tried (not try) to steal the bike, they 2 wouldn't have arrested (arrest) him. The craziest part of the story is that the bike was locked up outside a police station! The man didn't notice. He 3 wouldn't have tried (try) to steal it from there if he 4 had noticed (notice). There was a camera outside the police station, so the officers saw him. If there 5 hadn't been (not be) a camera there, perhaps they 6 wouldn't have seen (see) him. If the man 7 hadn't seen (not see) the bike, he 8 wouldn't have decided (decide) to steal it. If the owner of the bike 9 had left (leave) the bike somewhere else, perhaps the man 10 would have managed (manage) to steal it!
