## READING COMPREHENSION:

### IF I RULE THE WORLD ...

**Bob, 41**

I would do a lot of great things if I ruled the world! I would forbid men to cut down trees. If we don't respect the environment, we will have a lot of problems in the future! I would also give 1000€ per month to every family in the world because poverty is the enemy number one of mankind. Finally, I would start great economic projects to help the African continent.

**Clair, 29**

If I ruled the world, I would get rid of the nuclear weapons! Those weapons are a major danger for all peoples in the world. If I could, I would also protect more animals. Some of them will disappear if we don't do anything to help them. I would also try to find a cure for every illness!
