- 1  31 Read and listen. How old is the Lollapalooza Festival?
It started in 1991, so it's over 25 years old.

Come to Lollapalooza... but Bring Your Raincoat!

The Lollapalooza Chicago Festival has been happening every summer, around July / August, since the festival started in 1991! There are going to be over 170 acts this year – rock, pop and dance music and more, including special circus, music and theater acts for children. There are 400,000 tickets but don't wait too long to buy! The tickets are going to go on sale in March, but they usually sell all the tickets in one day. Your parents must send the organizers pictures of you and the other members of your family, because all tickets are personal.

When you go to Chicago for the festival with your family, make sure to look for hotel, Airbnb or other sorts of accommodation in advance.

Also, remember to take clothes for bad weather, like ponchos, boots and especially raincoats, because it usually rains a lot and you must not enter the festival carrying an umbrella! But take your T-shirts and sunscreen too. You never know – it is summer after all!

2 Read the text again. Then write T for *true* or F for *false*.

- a ☐ F Lollapalooza is only a music festival.
- b ☐ F There are more than 500,000 tickets.
- c ☐ T Your parents must send the organizers a picture of you if you want a ticket.
