Hi!

We meet on Thursdays after school at four. We usually finish at five, but we sometimes stay until five thirty. We meet in the computer lab, but most people bring their own laptops or tablets. Alex from Class 5A organizes the club and he's really great! He knows loads about coding. We do different things – it depends. We often work in groups. Some people create websites or blogs. Other people design apps. We all learn how to install software and solve problems with viruses.

Let me know if you want to go on Thursday. We can meet and go together.

See you soon!
