Kate: We get off the Tube here, Larry. This is Canary Wharf.

Larry: That was very quick, Kate. I like the London Subway, I mean Tube, but there's one problem.

Kate: Really? What's that?

Larry: You can't see London when you're under the ground, so it isn't very good for tourists like me.

Kate: That's true, Larry! But for people like me who live in London, that isn't important. But traveling quickly across the city is very important!

Larry: Yeah, I guess so.

Kate: OK, let's go up here. We need to get a train to Greenwich now and this one doesn't go under the ground.

Larry: Good!

Kate: Look! Here it is now.

Larry: Wow, that was quick.

Kate: I know. These trains come every seven minutes. OK. Let's sit here at the front.

Larry: Kate, Where's the driver?

Kate: There isn't a driver, Larry! It's an automated train.

Larry: What?

Kate: A person doesn't drive the train. A computer operates it.

Larry: That's incredible! We don't have any trains like this where I come from in the USA.

# The dog who came to stay.

Last summer, Matthew and Fiona went on holiday to Spain. They stayed in a small cottage. One day, Matthew went for a long walk. He found a dog! It was lost! It was a stray dog. It wagged its tail. It followed Matthew home. Fiona liked the dog and she gave it some food. It ate the food very quickly. It sat down outside their front door. At 10 pm, it was cold. Fiona let the dog inside. It sat beside her on the sofa. It was a girl dog. They gave her a name - Hilda. Hilda stayed in the cottage with them. Six days later, it was time to go home. Back to England! Fiona took Hilda to a dog rescue centre. Sadly, they had no place for Hilda. But, they offered to help! They transported Hilda to England, to Fiona and Matthew's house. Fiona and Matthew paid the dog rescue people a fee. The fee was £500.

Now, Hilda lives with Matthew and Fiona! She sleeps on the bed and eats Pedigree Chum and nice dog biscuits. Matthew takes her for a long walk every day and she sits on Fiona's knee in the evenings. Matthew and Fiona love Hilda and Hilda loves them.
