## READING 1

1

Read the review and listen. Why do tourists visit the village in winter?

**2** Read the review again. Then write T for *true* or F for *false*.

- a ☐ About a thousand people live in the village.
- b ☐ The minimum temperature in winter is  $-10^{\circ}\text{C}$ .
- c ☐ It isn't cold in the Ice Hotel.
- d ☐ The Ice Hotel is closed in the summer.

## READING STRATEGY

Compound nouns are formed with different combinations of words:

**noun + noun:** *shoe store*

**verb + noun:** *sleeping bag*

When reading a text, make sure to notice words that form a compound noun.

The surrounding context can help you identify them.

**3** Match the two columns to make compound nouns.

- |                   |         |
|-------------------|---------|
| <b>a</b> sleeping | stand   |
| <b>b</b> subway   | bag     |
| <b>c</b> gift     | mall    |
| <b>d</b> day      | shop    |
| <b>e</b> shopping | station |
| <b>f</b> news     | light   |
- 

**4** Scan the review and answer the questions.

**a** How long are the nights in winter?

---

**b** Why is the village quiet?

---

**c** What special things do guests use inside the Ice Hotel?

---

**d** Why do you think there aren't any ice hotels in Morocco or Italy?

---
