## READING: "A TALENTED FAMILY"

Kings of Leon are an American rock band. The band was formed in 1999 in the small town of Mt Juliet, Tennessee. The band members are Caleb, Nathan, Jared and Matthew Followill. The band is quite unusual because they all have the same family name. This is because Caleb, Nathan and Jared are all brothers, and Matthew is their cousin. The band is named after the brothers' father and Matthew's uncle, who is called Leon. Bass guitarist Jared is the youngest member of the group, and when they formed the band, he couldn't play the guitar! Caleb and Matthew are also guitarists and Nathan plays the drums. Kings of Leon recorded their first song in 2003 and released their first album, *Youth and Young Manhood*, the same year. At first, they were more popular in the UK and other European countries than they were in the United States.
