**2030** According to a recent report, underwater hotels  
1 will become (+) more popular, but if you don't like  
that idea, your computer 2 will look (+) at your online  
activity and suggest places to visit.

**2050** Flying will be very different: airplanes  
3 will have (+) 360° windows. One question many  
people want to know is: 4 we will travel (**we/?**) in space?  
The answer is yes, but not only to visit other planets.  
Planes will fly much higher and it 5 won't take (-)  
more than two and a half hours to fly from London  
to Sydney.

**2100** Vacations will certainly be very different, but  
6 how will we travel (**we/how/?**) Forget trains, planes and cars:  
Mary Jacqueline Romero, an expert from the University  
of Glasgow, predicts we will travel by teleportation!

- 1 Reinforcement** Look at the pictures and complete the sentences with *will* or *won't* and a verb from the box.
