Making Friends at Home and Abroad

**Are you going on an exchange this year?
Are you going to stay with a host family?
Do you want to make new friends?**

**Then you need to know how to be polite,
because being polite is different in
different countries.**

1

When you meet new people in Spain or France, you usually kiss women twice on the cheek. Men shake hands. People in the UK are more formal, so you should shake hands when you meet a stranger.

2

In the UK you don't have to bring a present, like flowers or chocolates, but people will think you are very polite if you do. In Germany, Austria and the UK you must not be late. It's very rude. In Mexico you should be late – it's normal. In the USA you must not arrive early. In central and eastern Europe and Scandinavia, you must take your shoes off when you arrive, so always wear clean socks.

3

In China you must never snap your fingers anywhere – it's very rude. However, it's OK to burp in China, in fact it's polite, but in most European countries you must not. In France you shouldn't tell jokes at dinner. The French take eating seriously.

4

In some countries it's OK to interrupt a conversation, but you shouldn't in the UK or the USA. You should wait until the other speakers have finished, especially if they are older than you.

**Wherever you go, have fun.
And remember: if you want
to make friends, be polite!**
