How to create a mind map

- Write your title in a box in the center and draw branches out from the box.
- At the end of each branch, write a topic related to the main title in a circle. Then draw lines out from the circle.
- At the end of each line, write a key word, phrase or idea related to the topic or a further sub-topic.
- Continue expanding the mind map by adding further topics, sub-topics and key words or phrases.
- You can use different colors for each topic and images instead of words/phrases. Using bigger writing for the theme and topics and smaller writing for the key words/phrases can help.
