America's Favorite Pet

1 labrador retriever

Dogs are definitely America's number one pet. And the number of registered dogs in the US is ever increasing!
In 2002, Americans owned 65 million dogs. The number for 2017 is 89,7 million, which represents an increase of almost 40%!

But why are dogs (and not cats, for example) Americans' favorite pet?

This is probably due to the fact that dogs are loyal guardians, they're great with kids and that they can be trained to obey their owner's commands. Besides, most humans who own dogs consider them a life-long companion.

These are the current five favorite dog breeds in the U.S.:

3 golden retriever

2 German shepherd

4 beagle

5 bulldog
